## The Clearview Story

The Fath Family and Chef Darrell would like to welcome you to Clearview Supper Club...Thank you for the opportunity to serve you in our nostalgic Northwoods flavor that overlooks Big St. Germain Lake.

Here is a little history of Clearview...It was established in 1918. In 1923 Paul Manhardt owned and operated Clearview Lodge which at the time was in the town of Farmington (now St Germain). The property consisted of the main lodge and 4 cabins. All meals were served at the main lodge. After Paul's passing, his son in law, Barney Anderson took Clearview over. In the 1960's Clearview was owned by Anthony Camodeca. During the 1970's Clearview was leased to Bo Bodecker. In 1983 Clearview and all the cottages were turned into a condominium resort. That year Frank and Gloria Ignatius bought Clearview and ran it until 1995. Clearview was then owned for a short time by George Lambros. In the spring of 1996 the current owners purchased the Clearview Lodge. Bob and Monica Fath carry on the tradition.

Many people over the years have used this place as a destination for good food, good friends and family. Enjoy yourself and we hope to see you again soon.
